CONDENSER MICROPHONE

"PROFESSIONAL"

Model CM 2001

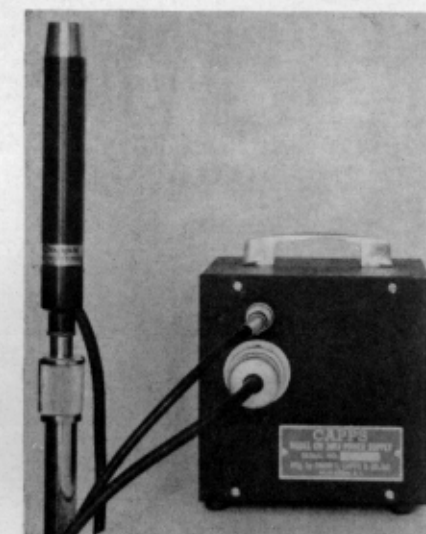

The "Professional" is designed specifically for the high fidelity enthusiast, professional musician or recording artist. It is the lowest priced condenser microphone manufactured.

The Capps "Professional" will improve the quality of any inexpensive tape recorder, and compliment the most costly recording unit.

It houses its own preamplifier and attached cable.

Specifications:

Length: 8"
Diameter: 1 1/8"
Color: Black
Cable No. 51: 20'

- 30-15,000 cps ± 3 db
- Omnidirectional
- Acoustically faithful
- Free from angular discrimination
- Blast proof
- Unaffected by moist atmospheres
